5 the Federal Food, Drug and Cosmetics Act, 21 U.S.C. § 301, *et seq.*, and other pertinent
6 federal statutes and regulations. Accordingly, Plaintiff's claims are barred, in whole or in
7 part, under the doctrine of federal preemption, and granting the relief requested would
8 impermissibly infringe upon and conflict with federal laws, regulations, and policies in
9 violation of the Supremacy Clause of the United States Constitution.

10 8. If Plaintiff has been damaged, which Defendants deny, such damages were
11 caused by unforeseeable, independent, intervening, and/or superseding events for which
12 Defendants are not legally responsible.

13 9. There was no defect in the product at issue with the result that Plaintiff is not
14 entitled to recover against Defendants in this cause.

15 10. If there were any defect in the products – and Defendants deny that there were
16 any defects – nevertheless, there was no causal connection between any alleged defect and
17 the product on the one hand and any damage to Plaintiff on the other with the result that
18 Plaintiff is not entitled to recover against Defendants in this cause.

19 11. Plaintiff's injuries, losses or damages, if any, were caused by or contributed to
20 by other persons or entities that are severally liable for all or part of Plaintiff's alleged
21 injuries, losses or damages. If Defendants are held liable to Plaintiff, which liability is
22 specifically denied, Defendants are entitled to contribution, set-off, and/or indemnification,
23 either in whole or in part, from all persons or entities whose negligence or fault proximately
24 caused or contributed to cause Plaintiff's alleged damages.

25 12. Plaintiff's claims are barred to the extent that the injuries alleged in the
26 Plaintiff's Complaint were caused by the abuse, misuse, abnormal use, or use of the product
27 at issue in a manner not intended by Defendants and over which Defendants had no control.
28

1 13. Plaintiff's claims are barred to the extent that the injuries alleged in the
2 Plaintiff's Complaint were caused by a substantial change in the product after leaving the
3 possession, custody, and control of Defendants.

4 14. Plaintiff's breach of warranty claims are barred because: (1) Defendants did not
5 make any warranties, express or implied, to Plaintiff; (2) there was a lack of privity between
6 Defendants and Plaintiff; and (3) notice of an alleged breach was not given to the seller or
7 Defendants.

8 15. Plaintiff's claims for breach of implied warranty must fail because the product
9 was not used for its ordinary purpose.

10 16. Defendants neither had nor breached any alleged duty to warn with respect to
11 the product, with the result that Plaintiff is not entitled to recover in this cause.

12 17. Plaintiff's claims are barred by Defendants' dissemination of legally adequate
13 warnings and instructions to learned intermediaries.

14 18. At all relevant times, herein, Plaintiff's physicians were in the position of
15 sophisticated purchasers, fully knowledgeable and informed with respect to the risks and
16 benefits of the subject product.

17 19. If Plaintiff has been damaged, which Defendants deny, the actions of persons or
18 entities for whose conduct Defendants are not legally responsible and the independent
19 knowledge of these persons or entities of the risks inherent in the use of the product and other
20 independent causes, constitute an intervening and superseding cause of Plaintiff's alleged
21 damages.

22 20. To the extent that injuries and damages sustained by Plaintiff, as alleged in
23 Plaintiff's Complaint, were caused directly, solely, and proximately by sensitivities, medical
24 conditions, and idiosyncrasies peculiar to Plaintiff not found in the general public, they were
25 unknown, unknowable, or not reasonably foreseeable to Defendants.

26 21. Defendants believe, and upon that ground allege, that Plaintiff was advised of
27 the risks associated with the matters alleged in Plaintiff's Complaint and knowingly and
28

1 voluntarily assumed them. Pursuant to the doctrine of assumption of the risk, informed
2 consent, release, waiver, or comparative fault, this conduct bars in whole or in part the
3 damages that Plaintiff seeks to recover herein.

4 22. At all relevant times during which the device at issue was designed, developed,
5 manufactured, and sold, the device was reasonably safe and reasonably fit for its intended
6 use, was not defective or unreasonably dangerous, and was accompanied by proper warnings,
7 information, and instructions, all pursuant to generally recognized prevailing industry
8 standards and state-of-the-art in existence at the time.

9 23. Plaintiff's claims are barred because Plaintiff suffered no injury or damages as a
10 result of the alleged conduct and do not have any right, standing, or competency to maintain
11 claims for damages or other relief.

12 24. Plaintiff's claims are barred, in whole or in part, by the doctrines of waiver,
13 estoppel, and/or laches.

14 25. If Plaintiff suffered any damages or injuries, which is denied, Defendants state
15 that Plaintiff's recovery is barred, in whole or in part, or subject to reduction, under the
16 doctrines of contributory and/or comparative negligence.

17 26. In the further alternative, and only in the event that it is determined that
18 Plaintiff is entitled to recover against Defendants, recovery should be reduced in proportion to
19 the degree or percentage of negligence, fault or exposure to products attributable to Plaintiff,
20 any other defendants, third-party defendants, or other persons, including any party immune
21 because bankruptcy renders them immune from further litigation, as well as any party, co-
22 defendant, or non-parties with whom Plaintiff has settled or may settle in the future.

23 27. Should Defendants be held liable to Plaintiff, which liability is specifically
24 denied, Defendants would be entitled to a setoff for the total of all amounts paid to Plaintiff
25 from all collateral sources.

1 28. Plaintiff's claims may be barred, in whole or in part, from seeking recovery
2 against Defendants pursuant to the doctrines of res judicata, collateral estoppel, release of
3 claims, and the prohibition on double recovery for the same injury.

4 29. The injuries and damages allegedly sustained by Plaintiff may be due to the
5 operation of nature or idiosyncratic reaction(s) and/or pre-existing condition(s) in Plaintiff
6 over which Defendants had no control.

7 30. The conduct of Defendants and all activities with respect to the subject product
8 have been and are under the supervision of the Federal Food and Drug Administration
9 ("FDA"). Accordingly, this action, including any claims for monetary and/or injunctive relief,
10 is barred by the doctrine of primary jurisdiction and exhaustion of administrative remedies.

11 31. Defendants assert any and all defenses, claims, credits, offsets, or remedies
12 provided by the Restatements (Second and Third) of Torts and reserve the right to amend
13 their Answer to file such further pleadings as are necessary to preserve and assert such
14 defenses, claims, credits, offsets, or remedies.

15 32. The device at issue complied with any applicable product safety statute or
16 administrative regulation, and therefore Plaintiff's defective design and warnings-based
17 claims are barred under the Restatement (Third) of Torts: Products Liability § 4, *et seq.* and
18 comments thereto.

19 33. Plaintiff cannot show that any reasonable alternative design would have
20 rendered the Eclipse™ Filter as alleged in Plaintiff's Complaint to be safer overall under the
21 Restatement (Third) of Product Liability § 2, cmt. f, nor could Defendants have known of any
22 alternative design that may be identified by Plaintiff.

23 34. The device at issue was not sold in a defective condition unreasonably
24 dangerous to the user or consumer, and therefore Plaintiff's claims are barred under the
25 Restatement (Second) of Torts: Products Liability § 402A and comments thereto, and
26 comparable provisions of the Restatement (Third) of Torts (Products Liability).

1 35. At all relevant times during which the device at issue was designed, developed,
2 manufactured, and sold, the device was reasonably safe and reasonably fit for its intended
3 use, was not defective or unreasonably dangerous, and was accompanied by proper warnings,
4 information, and instructions, all pursuant to generally recognized prevailing industry
5 standards and state-of-the-art in existence at the time.

6 36. Defendants specifically plead all affirmative defenses under the Uniform
7 Commercial Code (“UCC”) now existing or which may arise in the future, including those
8 defenses provided by UCC §§ 2-607 and 2-709.

9 37. Plaintiff’s alleged damages, if any, should be apportioned among all parties at
10 fault, and any non-parties at fault, pursuant to the Uniform Contribution Among Tortfeasors
11 Act.

12 38. No act or omission of Defendants was malicious, willful, wanton, reckless, or
13 grossly negligent, and, therefore, any award of punitive damages is barred.

14 39. To the extent the claims asserted in Plaintiff’s Complaint are based on a theory
15 providing for liability without proof of defect and proof of causation, the claims violate
16 Defendants’ rights under the Constitution of the United States and analogous provisions of
17 the Mississippi Constitution.

18 40. To the extent Plaintiff seeks punitive damages, Defendants specifically
19 incorporate by reference any and all standards of limitations regarding the determination
20 and/or enforceability of punitive damages awards that arose in the decisions of *BMW of*
21 *No. America v. Gore*, 517 U.S. 559 (1996); *Cooper Industries, Inc. v. Leatherman Tool*
22 *Group, Inc.*, 532 U.S. 424 (2001); *State Farm Mut. Auto Ins. Co. v. Campbell*, 123 S. Ct.
23 1513 (2003); and *Exxon Shipping Co. v. Baker*, No. 07-219, 2008 U.S. LEXIS 5263 (U.S.
24 June 25, 2008) and their progeny as well as other similar cases under both federal and state
25 law.

26 41. Any of Plaintiff’s claims for punitive or exemplary damages violate, and are
27 therefore barred by, the Fourth, Fifth, Sixth, Eighth and Fourteenth Amendments to the
28

1 Constitution of the United States of America, and similar provisions of the Mississippi
2 Constitution, on grounds including the following:

- 3 (a) it is a violation of the Due Process and Equal Protection Clauses of the
4 Fourteenth Amendment of the United States Constitution to impose punitive
5 damages, which are penal in nature, against a civil defendant upon the plaintiffs
6 satisfying a burden of proof which is less than the “beyond a reasonable doubt”
7 burden of proof required in criminal cases;
- 8 (b) the procedures pursuant to which punitive damages are awarded may result in
9 the award of joint and several judgments against multiple defendants for
10 different alleged acts of wrongdoing, which infringes upon the Due Process and
11 Equal Protection Clauses of the Fourteenth Amendment of the United States
12 Constitution;
- 13 (c) the procedures to which punitive damages are awarded fail to provide a
14 reasonable limit on the amount of the award against Defendants, which thereby
15 violates the Due Process Clause of the Fourteenth Amendment of the United
16 States Constitution;
- 17 (d) the procedures pursuant to which punitive damages are awarded fail to provide
18 specific standards for the amount of the award of punitive damages which
19 thereby violates the Due Process Clause of the Fourteenth Amendment of the
20 United States Constitution;
- 21 (e) the procedures pursuant to which punitive damages are awarded result in the
22 imposition of different penalties for the same or similar acts, and thus violate
23 the Equal Protection Clause of the Fourteenth Amendment of the United States
24 Constitution;
- 25 (f) the procedures pursuant to which punitive damages are awarded permit the
26 imposition of punitive damages in excess of the maximum criminal fine for the
27 same or similar conduct, which thereby infringes upon the Due Process Clause
28

of the Fifth and Fourteenth Amendments and the Equal Protection Clause of the Fourteenth Amendment of the United States Constitution;

(g) the procedures pursuant to which punitive damages are awarded permit the imposition of excessive fines in violation of the Eighth Amendment of the United States Constitution;

(h) the award of punitive damages to the plaintiff in this action would constitute a deprivation of property without due process of law; and

(i) the procedures pursuant to which punitive damages are awarded permit the imposition of an excessive fine and penalty.

42. Defendants expressly reserve the right to raise as an affirmative defense that Plaintiff has failed to join all parties necessary for a just adjudication of this action, should discovery reveal the existence of facts to support such defense.

43. Defendants reserve the right to raise such other affirmative defenses as may be available or apparent during discovery or as may be raised or asserted by other defendants in this case. Defendants have not knowingly or intentionally waived any applicable affirmative defense. If it appears that any affirmative defense is or may be applicable after Defendants have had the opportunity to conduct reasonable discovery in this matter, Defendants will assert such affirmative defense in accordance with the Federal Rules of Civil Procedure.
